The star truck with the star logo

Mercedes-Benz genuine accessories for the Actros

Valid from 09/2010
You are unique.
Why shouldn’t your Actros be?

An Actros is a truck with its own, instantly recognisable character. Mercedes-Benz genuine accessories are designed to help you create your individual Actros. And you’ll appreciate the results, because Mercedes-Benz genuine accessories meet the highest of standards when it comes to quality, comfort and – importantly – practicality, cost-effectiveness and safety.
Many of the accessories were exclusively created for Mercedes-Benz. All products have been tested for accuracy of fit, durability, technical compatibility and quality and approved for installation in Mercedes-Benz vehicles. Mercedes-Benz genuine accessories are only available via Mercedes-Benz service outlets, where you can also have the products professionally installed, if required.

The exterior of your Actros sparkles: gleaming chrome and high-grade steel help lend your Actros an individual look. The interior is ergonomic, functional and aesthetic. The electrical accessories offer you everything you need to stay in touch by radio, telephone or CB radio and enjoy optimum comfort on board.

So that you can tell instantly which accessories are available for which Actros – Actros 1, Actros 2 or the new Actros (3) – we have assigned each model series a colour code:

- **Genuine accessories for the Actros 1, manufactured 1996 – 2001**
  model variant 950-954

- **Genuine accessories for the Actros 2, manufactured 2001 – 2008**
  model variant 930-934 XV7

- **Genuine accessories for the Actros 3, manufactured from 2008**
  model variant 930-934 XV6

### Contents

See and be seen: the exterior
Add a little extra sparkle

Sparkling chrome and refined steel – materials that help lend your Actros an even more individual look. Everything here is perfectly coordinated: from the chrome package and the high-sheen polished stainless steel steps to the chromed trim for the exterior mirrors and the backlit Mercedes star logo. All of these items offer that familiar Mercedes-Benz quality and are precision-tailored to your vehicle – assuring you a look that positively beams.

1 **Chrome package.** The 5-piece chrome package impressively emphasises the new trim grille on the Megaspace cab. B6 752 0140

2 **Mercedes-Benz emblem.** Refined detail: stainless steel emblem, suitable for all cabs. Simple to attach using adhesive. B6 752 0123

3 **Illuminated Mercedes-Benz emblem.** Lettering lights up in blue when the door is opened. Supplied with wiring. B6 752 0137

4 **Stainless steel steps.** For a safe entrance: high-sheen polished stainless steel steps with non-slip design at outer edges. 4 steps per side. Simple to fit. Supplied with set of screws.

   - Megaspace cab, driver’s side: B6 752 0248
   - Megaspace cab, co-driver’s side: B6 752 0249
   - Lowliner and car transporter: B6 752 0250

5 **Stainless steel trim for steps.** Make a stylish entrance: high-sheen polished stainless steel trim for steps, suitable for S-cab, M-cab and L-cab. Set consists of 3 trim panels, identical for driver and co-driver sides. Simple to fit. B6 752 0238
Arrive in style

From the stainless steel steps and the muscular front bar to the roof-mounted headlamp holder – sparkling accessories made from high-sheen polished stainless steel lend your Actros an unmistakable look and impressively emphasise the distinctive design of the new cab. Out on the road. And when you arrive in style.

2 Stainless steel trim. Attractive detail: 3-piece licence plate trim for the bumper. Simple to attach using adhesive.
For vehicles with air scoops: B6 752 0126
For vehicles without air scoops: B6 752 0127

3 Front step. Stepping up the style: front step which is fitted in place of the standard step. Material: high-sheen polished stainless steel.
For all cabs (not in conjunction with Telligent® proximity control or construction site vehicles): B6 752 0243
For cabs with 2nd front step (high front apron), not pictured: B6 752 0256

4 Air horns. Full 2-tone sound. These air horns help attract attention, e.g. in hazardous situations. Set comprises 2 horns. Length: 67 and 76 cm. Material: stainless steel. Supplied without installation kit. B6 752 0401

5 Chromed mirror trim. Gleaming appeal: two-piece chromed trim set for the exterior mirrors on the new Actros (Code FT2).
Set for driver and co-driver sides: B6 752 0150

B6 752 0145
Genuine highlights

Let your star shine – quite literally – with cutting-edge LED technology. From the backlit Mercedes star logo to the LED position lamps, the lighting accessories attract attention and make sure everyone’s aware of your presence.

1  ■ Backlit Mercedes star logo. Shining detail: at the touch of a button the white-backlit Mercedes star logo (Code FA6) provides even more lustre. LED lighting with output of 1.9 watts and diffuser lens. Installation kit for retrofitting consists of: star logo, incl. LED, switch, wiring harness and mounting materials.
Megaspace cab: B6 753 0170
S-cab, M-cab, L-cab: B6 753 0169

2  ■ Straight roof-mounted headlamp holder. For Megaspace cab and L-cab with high roof.
B6 752 0252

3  ■ Roof-mounted headlamp holder. For S-cab, M-cab, L-cab with low roof DD2 (without spoiler).
B6 752 0247
Please note: 2 reinforcements required on the S-cab.
Set of two: A 941 790 2204
Coupling and uncoupling made simple

Mercedes-Benz offers you an extensive range of standard fifth-wheel couplings, plus low-maintenance fifth-wheel couplings which minimise the maintenance you need to carry out when coupling and uncoupling.

4 Headlamp protectors. No more cracks: plexiglass headlamp protectors. Protect main headlamps and fog lamps from loose chippings and subsequent repairs. Folds out to allow cleaning of headlamps. Set for driver and co-driver sides, with mounting kit.

B6 601 0150

5 Stainless steel floodlamp. High-quality clear-lens design, for low cab. Incl. 70 watt H1 bulb, Code no. 35.

B6 752 0224

6 Curved roof-mounted headlamp holder for Megaspace cab and L-cab with high roof.

B6 752 0253

B6 752 0254

8 LED position lamps. Perfect visibility at night: LED position lamps with robust rubber housing. Particularly durable. Set consists of two position lamps with two light diodes.

B6 683 0020

1 Low-maintenance fifth-wheel couplings. Only the locking hook needs to be lubricated. Contact surface, rubber joint mounting and wear ring are maintenance-free. The low-maintenance fifth-wheel couplings can be combined with an automatic lubricant dispenser (e.g. LubeTronic).

2 LubeTronic. The LubeTronic lubricant dispenser eliminates the need for manual lubrication. With annual mileage of 100,000 km lasts an average of 3 years. Can be retrofitted to all low-maintenance fifth-wheel couplings.

B6 789 0101

Mercedes-Benz also offers an extensive range of standard fifth-wheel couplings for conventional coupling and uncoupling.
For more style and an individual character

Whether aerodynamic wind deflectors or weatherproof, UV-resistant decorative decals: these accessories are designed to make your Actros even more attractive – and many also serve a practical purpose. Make clear from the first glance: here comes the Actros!

1. **Side window wind deflectors.** Your job is turbulent enough: side window wind deflectors for draught-free driving even with the window open. With special aperture for the kerb-sight mirror. Available as a set for driver and co-driver sides. For LHD: B6 753 0005 For RHD: B6 753 0006

2. **Shark’s gill spoilers.** Looking dangerously good: shark’s gill spoilers which can be painted in body colour for a perfect look. For the Megaspace cab and L-cab. Simple to attach using adhesive. Available as a set for driver and co-driver sides. Material: high-quality plastic. Colour: black. B6 601 0145

B6 782 0009

5 **“Actros” decal for roof.** Top notch: roof decal featuring “Actros” lettering. For Megaspace cab and L-cab with high roof. Simple to attach using adhesive. In two colour variants.
silver/transparent: B6 782 0024
anthracite/transparent: B6 782 0025

6 **“Flame” decals.** Sizzling design: the flame decal. Available as set for driver and co-driver sides. Simple to attach using adhesive. In two colours.
red: B6 782 0000
silver: B6 782 0001

7 **“National flag” for mirror trim.** Show your allegiance – not just at the World Cup. Precision-fit plastic covers, printed with flag design. Adhesive set for driver and co-driver sides. Available e.g. for the following countries:

There’s no more elegant way to take to the road

The gleaming wheel accessories for the new Actros demonstrate how to combine looks and cost-effectiveness to optimum effect. Whichever you decide on, you can be sure of extra elegance.

1. **Stainless steel wheel nut caps.** Attractive and practical: set of 10 wheel nut caps.
   B6 752 0621
   Wheel nut cap remover: B6 752 0630

2. **Stainless steel rear wheel hub cap.** Bringing up the rear in style: the high-quality rear wheel hub cap keeps the axle clean.
   For HL 7 planetary axle (aluminium or steel wheel): B6 752 0601
   For HL6/HL8 hypoid axle (aluminium wheel): B6 752 0602

3. **Stainless steel wheel trim and wheel nut cap set.** Because every detail counts: the wheel trim and wheel nut cap set protects the wheel and the wheel nuts from damage. For 57.15 cm (22.5") wheels.
   For aluminium wheel (32 mm diameter sleeve nuts): B6 752 0611
   For steel wheel (27 mm diameter nuts): B6 752 0610

4. **Stainless steel wheel trim and wheel nut cap set.** Star billing for the front axle: the wheel trim and wheel nut cap set protects the wheel and wheel nuts. Made from polished stainless steel, plastic cover, chromed Mercedes star logo. For 57.15 cm (22.5") aluminium wheels only.
   B6 752 0612

5. **Full wheel trim.** Head-turning design: the full wheel trim protects wheel and tyre. Simple, secure attachment. For front and rear axle. In three sizes: 44.45 cm (17.5"), 49.53 cm (19.5"), 57.15 cm (22.5").
   44.45 cm FA: B6 752 0607
   44.45 cm RA: B6 752 0608
   49.53 cm FA: B6 752 0605
   49.53 cm RA: B6 752 0606
   57.15 cm FA: B6 752 0603
   57.15 cm RA: B6 752 0604
6 “Classic” full wheel trim. Sprucing up your star vehicle: elegant “Classic” full wheel trim. Supplied with fastening kit. For 57.15 cm (22.5”) wheels. Material: stainless steel.
   For front axle, 20.96 cm (8.25"): B6 601 0121
   For rear axle and front axle, 22.86 cm (9”) or 29.85 cm (11.75"): B6 601 0122
   Replacement star: B6 601 0124

7 “Speedline” light-alloy wheel. Good looks and greater cost-effectiveness: the “Speedline” light-alloy wheel weighs around 40% less and helps reduce brake wear. Other advantages: higher tyre mileage, improved handling and easier maintenance.
   57.15 cm (22.5") x 9.00: B6 601 0007
   57.15 cm (22.5") x 8.25: B6 601 0008

8 Valve extension. Simple, practical, safe: the valve extension allows you to check the tyre pressure without removing the full wheel trim. Multilayer design for extra safety. Simple to fit. Available in three lengths.
   75 mm: B6 752 0622
   145 mm: B6 752 0623
   185 mm: B6 752 0624

9 Snow chains with grip links. Put the winter on ice: snow chains with double cross-link chains and grip links. Kind to tyres and easy to repair. Easy to fit thanks to spring steel tensioner. Extreme grip, even in adverse conditions.
   e.g. for 315/80 R 57.15 cm (22.5"): B6 758 0307

10 Snow chains without grip links. Always on the right track: tried-and-tested cross-link snow chains without grip links. Easy to fit thanks to spring steel tensioner. Different sizes available.
   e.g. for 315/80 R 57.15 cm (22.5"): B6 758 0878

11 Rotation chains. Always a tyre length ahead: rotation chains for snowy winter days. Traction aid which can be selected while you’re on the move. Connected to the compressed air system. Contact your Mercedes-Benz partner for details of the relevant product for your Actros.
Looking for a little more exclusivity?

In 2004 Mercedes-Benz introduced the unparalleled Actros “Black Edition”. This recent tradition continues with the exclusive Actros Limited Edition Black Liner and White Liner special series. But even if you don’t drive one of these unique vehicles, we offer a choice of select equipment for your Actros.

1 **LED daytime running lamps.** Lower maintenance, less downtime, increased safety: the LED daytime running lamps replace driving with low-beam headlamps during daylight hours. Automatically activated when the engine is switched on and deactivated when the low-beam headlamps are switched on. Very long service life (over 10,000 hours), low energy consumption (approx. 10 watt). Colour: white.

Set of two: B6 683 0024
1  Fine wood-effect cockpit trim, black burr walnut. High-quality fine wood-effect trim for the instrument panel. Black burr walnut.
   B6 667 2254

2  Centre stowage tray with galvanised edge. Stowage tray for the instrument support. Simple to attach, quick installation time.
   B6 667 2039

   B6 768 1224 without aperture
   B6 768 1223 with aperture for level control
4 **Wheel nut caps.** Protect the wheel nuts. Requirement per wheel/pack size: 10. Material: black powder-coated stainless steel. B6 752 0627
Also available in stainless steel, see page 14

5 **Rear wheel hub cap, black.** Black, powder-coated high-grade stainless steel hub cap for the rear wheel, embossed with Mercedes star logo. For H7 rear axle, aluminium and steel wheel, and H6/H8 rear axle, aluminium wheel. B6 752 0625 Rear wheel hub cap, black (for aluminium and steel wheel)
Also available in stainless steel, see page 14. B6 752 0626 Rear wheel hub cap, black (for hypoid axle, aluminium wheel)

6 **Wheel trim and wheel nut cap set.** Protects wheel and wheel nuts from damage. Material: stainless steel with embossed Mercedes star logo, powder-coated black. For bolts with 27 mm and 32 mm diameter. B6 752 0628
Wheel trim and wheel nut cap set, black (sleeve nuts with 32 mm diameter), equivalent to chrome version B6 752 0611, see page 14
B6 752 0627 Wheel trim and wheel nut cap set, black, sleeve nuts 27 mm diameter, equivalent to chrome version B6 752 0610, see page 14

7 **Floor mat.** High-quality velour mats, edged in brown leather. 22 oz quality carpet, no softening agents and solvent-free. Precision fit, non-slip adhesive polyurethane backing. Driver’s mat features scuff guard. Can be steam-cleaned – adhesive qualities are retained. Colour: anthracite/brown.
Floor mat, left: B6 768 1219
Floor mat, right: B6 768 1220
Comfort that others will envy: the interior
A sporty atmosphere. On the move.
And for the breaks in between

When a space is used for work, breaks and living, it has to be ergonomic and functional but, most importantly, it has to be somewhere you enjoy spending time. The sporty aluminium-effect trim with matching aluminium-effect/leather steering wheel extends the Actros’s powerful charisma inside the cab. And for even more comfort than before there are infinitely adjustable sunblinds for the side windows and a practical folding table for the co-driver’s side.

1  Aluminium-effect trim. Sporty elegance: brushed aluminium-effect trim lends your cockpit a stylish, contemporary atmosphere.
   Aluminium-effect trim for the instrument panel without headlamp range adjustment: B6 667 2238
   Aluminium-effect trim for centre air vents (with compartment): B6 667 2250
   Aluminium-effect trim for centre air vents (with switches): B6 667 2252

2  Aluminium-effect/leather steering wheel. A perfect complement to the aluminium-effect trim. Non-slip leather. For steering wheels without airbag. B6 626 0295

3  Sunblind for the side windows. Optimum insulation from heat on hot days: the sunblind reduces glare and the build-up of heat in bright sunlight, enhancing safety and comfort. Supplied without installation kit (Code FS4/FS5).
   Driver’s side (for S-cab and M-cab): A 943 810 0720
   Co-driver’s side: A 943 810 0820

4  Folding table. Easy to open out and fold away: the new folding table for the co-driver’s side is ideal for enjoying a snack or working during breaks. It has a hardwearing, wipe-clean surface and can be stowed away in one of the stowage compartments when not in use. Supplied without installation kit (Code FF3).
   A 943 810 0166

   B6 752 0149
1 Fine wood-effect trim. A cozy atmosphere: burr walnut-effect trim brings a touch of home to your Actros. Fine wood-effect trim for instrument panel without headlamp range adjustment: B6 667 2239
Fine wood-effect trim for centre air vents (with compartment): B6 667 2251
Fine wood-effect trim for centre air vents (with switches): B6 667 2253

2 Wood-effect/leather steering wheel. Perfectly complements the fine wood-effect trim. Non-slip leather. For steering wheels without airbag.
B6 626 0283

3 Stowage tray. Everything in its place: practical stowage tray with two large compartments and extra section for pens. Simple to attach to the instrument support.
B6 667 2027

4 Stowage box for co-driver seat. Spacious stowage aid for a tidy cab: stowage box for co-driver’s seat, with versatile stowage compartments. Held in place by the seat belt. B6 626 0210

5 Steering wheel mini-desk. First a snack then paperwork: versatile steering wheel mini-desk with plastic cutting board and practical stowage sections.
B6 626 0200
The stuff a driver’s dreams are made of

Sit back and enjoy the drive: with standard-design seat covers and floor mats which are precision-tailored to your cab and your seat configuration. Please contact your Mercedes-Benz authorised dealer for details of the relevant products for your Actros.

1  Seat base covering. Sitting comfortably: anthracite-coloured seat base covering which protects the driver from draughts in winter. Embroidered with Mercedes-Benz star. Not for folding seat or with Single Cab co-driver seat. Material: high-quality velour. e.g. B6 768 1224

2  Floor mats. Available in various sizes and materials.

5  Standard design seat cover. B6 640 1171

6  Accessory design seat cover in red/grey. B6 640 1323

7  Accessory design seat cover in blue/grey. B6 640 1321

8  Accessory design seat cover in grey/grey. B6 640 1325

9  Accessory design seat cover for co-driver’s Isri ventilated comfort air-sprung suspension seat. B6 640 1247

Seat covers. For all standard Isri and Grammer seats. Simple zip fastening. Easy-care and washable at temperatures up to 30° C. Material: hardwearing microfibre velour. For example, for Grammer driver’s suspension seat:
So comfortable you could almost be at home

When you spend a lot of time on the road, you not only appreciate your own bed – you also know how good it feels when everything has a place of its own. Choose from our tailor-made comfort solutions:

1. **Stowage bag for drawer below bed.** For clothes and shoes: large, easily accessible stowage bag for the drawer below the bed. With extra shoe compartment.
   B6 787 2172

2. **Stowage bag for stowage compartment behind seats.** Flexible use: stowage bag for the compartment behind the driver’s seat. With adjustable partition.
   B6 787 2171

3. **Laundry bag for stowage space above windshield.** Particularly robust: the laundry bag for the stowage space above the windshield has a special compartment for your washbag. Practical front flaps and removable partition.
   B6 787 2173

4. **Spectacles case.** Always in view: spectacles case with large opening. Attached to A-pillar using adhesive or Velcro.
   B6 626 0275

5. **Additional ashtray.** Lighting-up time: removable additional ashtray with hinged lid. For the drinks holder on the driver or co-driver side. Material: polyamide.
   B6 626 0272

6. **LED reading light.** See things in a good light: LED reading light (24 volt/3 watt) with flexibly adjustable arm. Length approx. 400 mm. Supplied with bulb and shade in white and black.
   B6 682 8805
7 Molton underblanket. Protects the mattress, traps moisture and enhances comfort: soft molton underblanket. Washable at temperatures up to 95° C. Material: 100% cotton. Available in two sizes:
60 x 200 cm: B6 787 2118
80 x 200 cm: B6 787 2119

Duvet, 135 x 200 cm: B6 787 2059
Pillow: B6 787 2058

e.g. for upper bunk, 80 x 202 cm: B6 787 2052
Star-branded home comfort

Your job is tough enough – but the Actros helps make it a little bit easier. Because if the driving and the loading up demand your all, it’s important that you’re as comfortable as possible when you’re stationary or taking a break. From the coolbox and the coffee maker to the new, modular Interior-System, specially designed for the Actros, our range of accessories includes everything it takes to turn the Actros into a pleasant living space.

1. **Compressor coolbox CDF-35.** Refreshingly spacious: coolbox with capacity of 31 litres, removable lid and energy-saving setting. 12 volt and 24 volt connection. Temperature range: −15°C to +5°C.
   B6 667 2030

2. **Coolbox TC 21 FL-AC.** Cooling and heating in one: thermoelectric coolbox with capacity of 21 litres, removable lid and energy-saving setting. 12 volt and 24 volt connection. Temperature range: cooling 1°C to 15°C, heating 50°C to 65°C.
   B6 667 2035

3. **Coffee maker.** With high-grade stainless steel insulated jug, removable water tank and LED indicators. Designed to take standard paper filters. Supplied with metal mount for securing in place. Operated via power socket.
   B6 626 0313

4. **Kettle.** Capacity approx. 0.75 l. Indicator light, automatic cut-off and boil-dry protection. Connected via 24 volt power socket.
   B6 626 0312
Independence, cost-effectiveness and comfort – wherever you decide to stop, take a break or spend the night in your Actros, even if you’re way off the beaten track and far from the motorway services, the unique Mercedes-Benz Interior-System assures you an impressive degree of self-sufficiency. The Interior-System consists of two towers which are fitted behind the driver and co-driver seats. The two towers are packed with refined details – e.g. a refrigerator, a stowage compartment, which can be used either for a toilet or for a microwave and a washbasin with fresh water supply and waste water tank. While you’re on the move, the handy table can be stowed away in a space on the rear wall. The System, which functions without connection to an external power source, includes an additional power socket – supplying a current of up to 25 amp for additional electrical devices.

Kitchen: B6 626 0310 (microwave B6 6260 233)
Comfort: B6 626 0311 (incl. toilet)
6  The powerful 3-zone compressor refrigerator offers plenty of space for provisions.

7  A roomy drawer offers e.g. stowage space for cutlery or a camping stove.

8  The illuminated stowage cupboard can also be accessed from outside.

9  The tower behind the driver’s seat features a pull-out washbasin. A hose pump is used to fill up with 20 litres of fresh water from outside.

10  The toilet is a standard camper van chemical toilet.

Not pictured: when folded out, the ingeniously designed table extends as far as the driver’s seat and when folded disappears into the rear wall.
B6 626 0320 (only available in conjunction with Interior-System Kitchen or Comfort)
Practical products. For all your daily needs

Shaving, washing your hands or sprucing up the cab – no problem with a whole range of smart ideas from our selection of Mercedes-Benz genuine accessories.

5 **Compressed-air gun.** Pressure at work: compressed-air gun with aluminium nozzle and approx. 2 m coiled hose – offers a quick, simple way to clean the cab. Supplied with bag.
A 943 581 0004

6 **Hand-held vacuum cleaner.** A clean sweep: hand-held vacuum cleaner with 3-stage turbine. Low power consumption. 24 volt and 220 volt connection.
B6 683 0011

7 **Water canister.** 12 litres more comfort: easy-fill water canister with capacity of 12 litres. Supplied with mounting kit and extension hose. Designed to be fitted to inner wall of side stowage compartment. For Megaspace cab and L-cab.
B6 626 0100

8 **Shaving mirror.** Perfect for a groomed look: shatterproof shaving mirror. Material: stainless steel, high-sheen polished.
B6 667 2032
Climate control for the cab

Whatever the weather, there’s always a feel-good atmosphere on board the Actros, because cold and heat simply remain outside. Whether it’s a simple matter of attaching window insulation mats or a powerful air conditioning system – in the Actros you won’t easily get into a sweat.

1  ■ Roof-mounted auxiliary air conditioning unit. Instead of a roof hatch: roof-mounted MB Cool Air 800 auxiliary air conditioning unit. Ensures a pleasantly regulated climate in the cab, whatever the situation. Complete with remote control and installation kit. For Megaspace cab and L-cab with high roof.
B6 732 0050
Installation kit: B6 732 0051

B6 732 0053

3  ■ Window insulation mats. Protective shield: 7-layer window insulation mats protect against cold or heat. Also suitable for shading the cab. 3-piece, precision-fit set for front and side windows. Simple suction-mount design.
B6 753 0020
You won’t be the only one to be impressed by the technology: the electrical accessories
High-tech items for your safety

When you’re out on the road, it’s good to know what’s going on outside – which is why we constantly strive to deliver accessory solutions which make your Actros even safer. The front camera and reversing camera system provide an optimum view of the area in front of and behind the vehicle. The image is shown on the joint 17.78 cm (7”) monitor. The camera systems can be used individually or in combination.

1  Reversing camera system. Keeping an overview: the reversing camera system is automatically activated when reverse gear is engaged and makes the area directly behind the vehicle visible, increasing safety when manoeuvring and helping to prevent accidents. The camera housing is waterproof, resistant to high-pressure cleaning and features an integral heating module. The monitor provides an undistorted, glare-free image. Please contact your Mercedes-Benz authorised dealer for details of the relevant product for your Actros.

2  Front camera system. This eye misses nothing: the front camera records the blind spot in front of the cab, increasing safety when pulling away or manoeuvring. It is activated and deactivated automatically according to the speed and provides a realistic, glare-free image on the monitor, which is included as part of the package. The camera housing is waterproof, resistant to high-pressure cleaning and features an integral heating module. The front camera system complies with statutory regulations governing replacement of the front mirror.

3  Satellite monitoring system. Small box with big safety benefits: the Mercedes-Benz satellite monitoring system uses integral GPS to transmit the precise location of the vehicle at freely selectable intervals. Major deviations from the planned route or unusually long stationary periods can therefore be spotted and, in an emergency, rapid assistance organised. Integrated GPS aerial and SIM card reader (monthly contract required). Software for vehicle monitoring included.

Saves time and kilometres.
The portable navigation unit for truck and car

1 **Portable navigation unit.** Arrive more quickly: with route guidance which takes into account individually entered data such as height, width, trailer data and hazard class, you can be sure of taking the optimum route, tailored to your vehicle. The integral TMC function also automatically suggests an alternative route if you encounter congestion – ensuring you a faster and more stress-free journey in most European countries.

**Advantages at a glance:**
- Route guidance takes into account all truck data
- Integral connection to truck through installation kit for Actros 2/3 and remote control
- Can be used in truck and car
- Remote control
- Map material includes Mercedes-Benz service stations
- Navigation instructions output via truck’s loudspeakers when connected using optionally available connectivity cable.

**Package comprises:**

1a Portable navigation unit Z 302, operating instructions, USB cable.

1b Feature cradle, Truck - with special Actros 2/3 mount without wiring, remote control, external TMC aerial, power supply.

1c Feature cradle, Car - with wiring, power supply via cigarette lighter, suction mount for windsreen.
Perfect connections – electrical systems and more

1  ■ HF adapter GSM. Perfect connection for new aerials: HF adapter for connecting aerials with FAKRA connection to FME connection in electrical compartment (Code EV5).
   B6 782 1264

2  ■ Power plug and power socket. Secure connection: power plug and power socket for safe supply of electrical devices with high power consumption (e.g. coffee maker). Low installation depth, short-circuit-proof.
   Power socket: B6 753 0126
   Plug for power socket: B6 753 0129

3  ■ Aerials. Always a good reception: various aerials for CB radio, radio or combined radio/GSM 900 operation are available for the Actros. There is also the option of a window aerial. Your Mercedes-Benz authorised dealer will be happy to advise you.

4  ■ Retrofit solution for vehicles without Code EU3. Professional basis: pre-installation for manual attachment of mobile phone cradle within easy reach of the driver. With connection to on-board power supply and external aerial.
   B6 782 1291

   Actros 2/Actros 3 up until 09/2008: B6 782 1261
   Actros 3 from 10/2008: B6 782 1262
Optimum entertainment

Everything seems more enjoyable with music. To help you add a soundtrack to your travels in the Actros, the range of Mercedes-Benz genuine accessories includes a selection of cutting-edge entertainment electronics.

1  **Active subwoofer.** Perfect sound: the active subwoofer with integral amplifier powerfully enhances the bass of the standard loudspeakers. On, off, loud, quiet – the settings are made using a dial by the driver’s seat. The compact subwoofer is accommodated in the stowage box and protected against damage by the installation kit. B6 782 1290

2  **Inverter.** Converts 24 volt direct current into 230 volt alternating current, protected against overload and short circuit. The inverter allows you to connect a variety of electrical consumers to your on-board power supply, from your laptop to your shaver. Output up to 350 watt.
B6 753 0130 for LH-cab
B6 753 0131 for S-cab, M-cab, L-cab

3  **Voltage transformer.** For operating 12 volt devices on 24 volt systems. Option of linear or switched-mode control.
8 amp: B6 682 8564, 18 amp: B6 682 8565

4  **CD radio Bluetooth.** Perfect infotainment: CD radio Bluetooth with integral hands-free system provided via Bluetooth interface. Ensures the driver’s hands are free for steering. If required, other portable devices such as an MP3 player or an iPod can be connected (Code EU2).
A 004 820 5186

5  **CD box.** Well stowed away: CD box with space for 12 CDs. Protects the CDs from sunlight, dust and heat (Code FQ9). B6 626 0297

6  **USB/iPod Interface.** Perfect connections: interface for connecting USB storage media (e.g. MP3 player) or an iPod to the new CD radios. Operated via the radio or the multifunction steering wheel. An iPod holder can also be accommodated e.g. in the stowage compartment as an option.
e.g. B6 782 1272

7  **Universal mobile phone cradle.** No more need to search for the right holder for each individual mobile: the charging holder is suitable for a variety of Bluetooth mobile phones, irrespective of manufacturer. With connection to external aerial and charging via USB.
B6 782 1293
Optimum communication

Keeping you in contact when you’re on the road – everything you need to keep in touch by phone or CB radio.

1️⃣ **Mobile phone cradle (for Code EU3).** For good business connections: cradles for Nokia and Sony Ericsson mobile phones. Permanent connection to the external aerial means that radiation in the cab is reduced to a minimum. Phone is easily operated using multifunction steering wheel.
   - For Nokia 6300/6300i: B6 782 1297
   - For Nokia 6303/6303i: B6 782 1300
   - For Sony Ericsson K 660i/G502: B6 782 1299

2️⃣ **Universal CB radio, 12 volt.** At home on all channels: universal CB radio with 3 switchable national frequency tables: 80 FM channels, 4 watt/12 AM channels, 1 watt, 40 FM channels, 4 watt/40 AM channels, 1 watt, 40 FM channels, 4 watt/CEPT. With ASC (automatic sound control) and microphone with up/down buttons for selecting channel.
   - B6 683 0017
   - **Installation frame:** B6 683 0012

3️⃣ **Standard CB radio, 12 volt.** Distinctly compact: standard CB radio: 40 FM channels, 4 watt/40 AM channels, 1 watt, squelch control to prevent background noise. With practical channel selector and bar displaying opposite number’s signal strength.
   - B6 682 8599
   - **Installation frame:** B6 683 0012
Taking you where you want to be. 
And back again

Not everything can be planned in advance when you’re on the road. But with Mercedes-Benz genuine accessories you’re ideally prepared for anything. Please contact your Mercedes-Benz authorised dealer for details of the relevant products for your Actros.

1  Voltage reducing adapter. Versatile: voltage reducing short adapter for operating 12 volt trailers from a 24 volt on-board system. 15-pin, 24 volt to 13-pin, 12 volt. B6 753 0167

2  Jump leads. Get back on the move: jump leads, 5 m long. With integral protective circuit to suppress inductive voltage spikes. B6 753 0150

3  Thermo paper. Specially developed for in-truck use: the thermo paper is heat-resistant and the printouts remain legible even on contact with water or engine oil. Three 8 m rolls. B6 782 1244

4  New box of replacement bulbs. Updated design. High quality. Carrying spare bulbs is obligatory in many European countries. Contains all the spare bulbs needed. H7 large: B6 681 1002  
H7 small: B6 683 0022, H4 small: B6 683 0023

5  Adapter, 24 volt. For a safe electrical connection between tractor and semitrailer or trailer. Please ask your Mercedes-Benz authorised dealer for the relevant version for your Actros. e.g. B6 753 0151

6  LED sequential flash set. Whether it’s a breakdown or an accident, the LED sequential flash set alerts following traffic in good time to the scene of the incident and guides it safely past. The five bright LED light elements can be set up in next to no time. And thanks to the sequential flashing light signals, the risk of not being seen despite fluorescent jacket and warning triangle is significantly reduced.

FleetBoard: setting a clear course for your fleet

Greater cost-effectiveness with FleetBoard. FleetBoard is an innovative, telematics-based internet service for cutting-edge vehicle and transport management.

FleetBoard supports both the driver and the scheduling centre. The two parties communicate over the internet. One click of the mouse is all it takes, for example, to send the full job details directly from the scheduling centre to the vehicle. Route planning, consignment tracking and driving style analyses can also be transmitted in this way. FleetBoard time management offers full transparency of the drivers’ work times. Data from the digital tachograph and the driver’s card can be read even when the truck is on the move.

To help achieve efficient fleet management, FleetBoard delivers up-to-the-minute data direct from the vehicle – including, for example, mileage figures, operating fluid levels, consumption details and much more. Service information can also be called up online, allowing the highest degree of flexibility when planning service intervals. All with one goal in mind: lowering costs through transparency.

If you are interested in finding out more, call FleetBoard on +49 711-17-91999 or go to www.fleetboard.com.
Please note: changes may have been made to the products since this brochure went to press (09/2010). The manufacturer reserves the right to make changes to the design, form, colour and specification during the delivery period, provided these changes, while taking into account the interests of the vendor, can be deemed reasonable with respect to the purchaser. As a rule, the part numbers listed do not include any installation parts or additional parts which may be required. Unrestricted availability of the products shown cannot be guaranteed at the time of going to press. Where the vendor or the manufacturer uses symbols or numbers to describe an order or the subject of an order, no rights may be derived solely from these. The illustrations may show accessories and items of optional equipment which are not part of standard specification. Colours may differ slightly from those shown in the brochure, owing to the limitations of the printing process. It may contain models and services which are not available in certain countries. Information given regarding statutory regulations, legal requirements, taxation and their consequences applies only to the Federal Republic of Germany at the time of going to press. For details of the regulations which apply in your country, and their consequences, please contact your nearest authorised dealer.
